

## How about an EDI Stimulus Plan?

**HAS THE ECONOMY BEEN TOUGH ON  
YOUR BUDGET? ECBRIDGES CAN HELP.**

In these challenging times, like many other companies you are likely looking for ways to save money but still want to maintain quality.

ECbridges can help you do just that with affordable VAN service powered by Covisint, one of America's premier EDI Value Added Networks.

*“I reduced my annual EDI VAN budget by more than 40% and still connect easily to all my trading partners. The transition was smooth.”* – I.T. Manager, large automotive supplier

Unlike other VANs, the ECbridges plan is simple, straightforward, and easy to understand. There are no catches or hidden fees. Thanks to ECbridges, you can make your operation leaner and more efficient, yet maintain the same level of VAN service you currently enjoy.

- VAN service powered by industry leader Covisint
- About 40% less expensive than Sterling or GXS
- Just 14¢ per kilocharacter
- Free switchover services
- Interconnects to all major and most minor VANs
- No minimum usage fees or surcharges

Please call or e-mail for a free consultation  
& VAN cost estimate based on traffic
